

Light Vehicle process to cross Beitbridge Border Post heading South into South Africa

PLEASE BEWARE OF TOUTS

**They take your money and/or passport and disappear
If you have any enquiries, please enquire with a Zimborders employee**

If you witness or experience anyone asking for bribes, etc., please report it on our Whistle Blowing App. Please be as specific as possible – describe the situation and the individuals/agency involved in detail (What/When/Who/How), date travelled and VRN.

Once you enter the **Beitbridge Border Post** you will notice a board indicating Light Vehicles to proceed to the left-hand lane (1st exit). During the busy season light vehicles may be directed to the bus section to alleviate congestion.

Entrance to Border Post

Park your vehicle and proceed to the **ZRP/CID kiosk** situated at the **Admin Building**.

Step 1

Hand in your parking coupon at the **ZRP/CID Release kiosk** for vehicle verification. You will need to produce the following documents: -

1. Valid passport.
2. Certified copy of owner's identity document.
3. Original proof of registration of vehicle/trailer in the name of the driver (have a certified copy on hand), if it is registered in a 3rd party's name, a letter of authority in that person/company's name (e.g. company car, etc.)
4. An affidavit from the owner of the vehicle/trailer stating that you have permission to use the vehicle/trailer if not registered in your name.
5. If it is a financed vehicle, a letter from the bank is required (it must include dates of travel together with the vehicle license papers).
6. If it is paid up and not registered in your name yet, we recommend that you have it registered in your name prior to crossing the border, alternatively get a paid-up letter from the bank.
7. Letter from Insurance company confirming vehicle is insured.
8. Police Clearance from Country of origin of car or trailer.
9. 3rd party insurance – obtained at the ZIMRA counter in the terminal building at the border post.

Step 7

Exit the terminal building and proceed to your vehicle in the parking area. When your vehicle registration appears on the **overhead display screen** you may then proceed to the **parking exit boom** which will automatically open when you approach the boom.
